

A303 Stonehenge: Amesbury to Berwick Down

Notice Publicising a Proposed Application for a Development Consent Order

Supplementary Consultation

HIGHWAYS ENGLAND COMPANY LIMITED of Bridge House, 1 Walnut Tree Close, Guildford, GU1 4LZ ("the Applicant") proposes to make an application ("the Application") under Section 37 of the Planning Act 2008 to the Secretary of State for Transport for a Development Consent Order.

Highways England undertook a statutory consultation in relation to its proposed application between 8 February 2018 and 23 April 2018. As part of the development of the scheme and having had regard to responses received to its statutory consultation, Highways England is now undertaking a supplementary consultation in relation to certain changes made to its proposals. This supplementary consultation is taking place from Tuesday 17 July 2018 to Tuesday 14 August 2018.

Highways England is proposing to upgrade the A303 past Stonehenge between Amesbury and Berwick Down to a dual two-lane carriageway. The scheme is approximately 8 miles (nearly 13km) long and comprises the following key elements:

- A bypass to the north of Winterbourne Stoke with a viaduct over the Till valley;
- A new junction between the A303 and A360 to the west of and outside the Stonehenge, Avebury and Associated Sites World Heritage Site (The World Heritage Site), replacing the existing Longbarrow roundabout;
- A twin-bore tunnel at least 1.8 miles (2.9 km) long past Stonehenge;
- A new junction between the A303 and A345 at the site of the existing Countess roundabout.

All of the supplementary consultation materials, containing details of the changes being consulted on, will be available to view online from Tuesday 17 July 2018 on the A303 Stonehenge scheme website at www.highways.gov.uk/A303Stonehenge/consultation.
