

Thank you

from the M6 J16-19 smart motorway team

now open

M6 junction 16-19 smart motorway

Thank you for your support and patience over the last three years of construction.

The project was a huge undertaking to improve journeys for road users in the region. We are grateful for the patience shown by communities and by road users and are thrilled to be celebrating completion on time.

We have added much-needed capacity to this crucial stretch of motorway and have introduced

new technology to help reduce congestion and give road users greater confidence in getting to their destinations on time.

Our site office near Brereton will stay open until June so you may still see some of our vehicles on the road while we add the finishing touches.
