- NOTES**
- This drawing is for reference only to show the proposed ground investigation exploratory hole locations within Surrey County Council's Common Land boundary.
 - The drawing provided remains the property of Highways England.
 - The proposal shown is in early stages of design development, all proposals presented are indicative only and subject to change. The final number and locations of exploratory holes will be determined on site during intrusive survey. Any additional holes not shown on this plan will follow the requirements of common land consent.
 - The attached data, and any other associated information we provide, are shared for the sole intention of the Planning Inspectorate. They are not to be shared with any other organisation without Highways England's explicit consent.
 - Final exploratory hole locations are preliminary and shall be confirmed on site, determined by on site constraints. The locations of the exploratory holes are not expected to be moved more than 100m from the location shown on this drawing.
 - Access routes for the equipment and personnel is to be confirmed on site with the landowner and relevant stakeholders
 - Registered Common Land boundaries have been digitised using a scanned copy of the CL 350 and CL 446 Register Maps. The maps also include boundaries for CL 447 and CL 448. The M25 is an operational motorway with no Common Land access. Therefore, the Common Land boundaries overlying the M25 on the Register Maps are not shown on this drawing.
 - Ground Investigation locations shown as point locations. Do not scale against point locations.
 - For working areas refer to Section 9 and Section 12 of the Application for consent to carry out works on common land - M25 Jn10 and A3
