

# M32

## Information for all users

### Restrictions are in place for vehicles using the M32 junction 2 northbound exit slip road

Until further notice only vehicles weighing less than 3 tonnes, and which are less than 2 metres wide can use the exit slip road.

All other vehicles, including light goods vehicles, ambulances, fire engines, buses and lorries should continue to use the diversion.

#### The diversion

Those travelling northbound (out of Bristol) and wishing to exit at junction 2 (Eastville / Fishponds) should remain on the M32 northbound, exiting at junction 1 (Hambrook) and returning via the M32 southbound to junction 2. The exit slip road on the southbound carriageway is unaffected.
