

## NOTICE OF DETERMINATION

M6 Junction 21a-26

ENVIRONMENTAL IMPACT ASSESSMENT

DETERMINATION UNDER SECTION 105AB (1)(b) OF THE HIGHWAYS ACT 1980 (as amended)

Highways England gives notice that it has been determined that the M6 J21a-26 proposal which is a relevant project within the meaning of section 105ZA (2) of the Highways Act 1980 (as amended) **is not subject** to environmental impact assessment in accordance with Part 105A of the Highways Act 1980 (as amended).

This is due to the fact that there are no likely significant effects on the environment when taking into account the characteristics and location of the development, and the type and characteristics of the potential impacts.

This conclusion has taken into account measures to avoid or prevent significant adverse effects on the environment including the following:

- purchase by agreement and demolition of three residential properties as essential air quality mitigation;
- the installation of a noise barrier;
- the provision of noise insulation at specific properties;
- the provision of water treatment measures for specific drainage outfalls;
- a number of industry best practice mitigation measures which will be delivered via a Construction Environmental Management Plan (CEMP).

Further information on the project and about this notice may be obtained from

Agnieszka Usciak

Project Manager

Highways England,
