

# M20 junction 10a Junction improvement scheme

## Kingsford Street Bridge Installation

### What's happening

Installation of the central span of Kingsford Street Bridge for non-motorised users during a M20 closure for the new junction 10a.

Kingsford Street Bridge being fabricated in Hythe

### M20 Closure

Full closure of the M20 to install this bridge is planned from:

**20:00 Saturday 24 November to 10:00 Sunday 25 November 2018**

If the original timing is unachievable, due to high winds for example, installation will be on 8/9 December.

Signposted diversion routes will be in place between junction 9 to junction 11 coast bound and from junction 11 to junction 10 London bound.

Road closure signage will be provided on the M25, M26 & M20, to encourage through traffic to be diverted well away from the Ashford region.
